

BECAUSE YOU CARE AND WANT TO SAVE POUCH CAMP

On November 24, 2009, the Greater New York Councils' Board of Directors of the Boy Scouts of America announced that they have decided to explore the sale of part or all of the William H. Pouch Scout Camp on Staten Island. You have probably enjoyed many hikes and camping trips at Pouch Camp or maybe you just enjoyed driving past it. You know that it is an important part of the borough and especially the Scouting Community. Please help to save this property by signing this petition. This property has touched the lives of countless young (and not so young) people for decades. It helps make up what is known as the Greenbelt and a private sale and possible development would destroy the Staten Island we know today and hurt countless youth in the Scouting program on Staten Island and beyond. This 120 acre property, located in the heart of the Greenbelt, must be saved!

To the Boy Scouts of America (BSA), Greater New York Councils (GNYC), and elected officials;
I oppose the sale of all or part of William H. Pouch Scout Camp and urge that Greater New York Councils explore other methods of addressing financial difficulties.
